Personal Growth Through Musical Excellence

Dear Parents,

The Decatur High School Choral Department strives to develop students into productive citizens. The discipline of music requires goal setting, concentrating, individual responsibility, group conformity, quick decision-making, and thriving under pressure. Productive citizens retain these skills and use them in life. Success in our program leads to success in life.

Our choral program's reputation wasn't achieved overnight with a magic potion. Student and parent commitment developed our reputation. I truly believe your child can earn a feeling of accomplishment in chorus. Let's enjoy a prosperous year in which your child develops through musical excellence.

For your child to receive a passing grade in chorus you must submit the following:

- Drug Testing Consent Form
- Payment of chorus booster fee.
- Field Trip/Medical Form
- Online Biographical Information Form

Please review the attached pages and have the Field Trip/Medical Form notarized. Visit the chorus website, (www.DecaturChorus.com) click on the Forms Tab on the main page, click the Student Information link to submit student biographical information. Should you not have internet service at home, have your child pick up a print copy that you may fill-in and return to school.

Submission of Biographical Information Form (online), Drug Testing Consent Form and Field Trip Permission Form comprise 55% of the 1st and 2nd 9 weeks grade in chorus. The deadline for submission is **August 21, 2017**(1st 9 weeks) **October 16, 2017** (2nd 9 weeks). No late forms accepted for partial credit.

Sincerely,

Carl B. Davis
